## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### I. INDUSTRY STRUCTURE AND DEVELOPMENT:

**Apex Capital and Finance Limited** is an NBFC and is engaged mainly in the business of providing loans and advances to various Corporates. The main objective of the Company is to finance various individuals, corporates, firms, societies and Industrial enterprises by way of making loans and advances in India and to carry out all such activities as may be ancillary to the achievement of main objectives of the Company. The industry structure relevant to the Company's operations is mainly concerned to NBFC business activities.

We have crossed one year since the pronouncement of COVID-19 as a global pandemic. It not only produced a distinctive recession in 2020 but also resulted in terrible loss of lives and livelihoods. This 2020 was a year that defined 'what was' and 'what will be'. It was a year that segregated the resilient from the vulnerable. Indian economy has been exhibiting a weaker trend even before the onset of the COVID-19 Pandemic. Right from the country's phased lockdown and slump in business activities to the gradual recovery and the ongoing vaccination drive globally, it's been nothing short of a roller coaster ride. The year unfolded quite dramatically as it brought along both unprecedented crisis and uncharted opportunities for the economy. The Reserve Bank of India's (RBI) prompt response during the crisis helped avert a financial collapse. It implemented measures like slashing interest rates, announcing fiscal stimulus package and allowing loan moratorium, among others. Together, these measures helped stabilise the economy. Retail financing industry, which was one of the key drivers of credit growth, has been impacted for whole of the years, as the demand for housing assets, consumer goods and working capital financing got hit due to general slowdown in economic activity. The financial year 2020-21 had been quite a challenging year for the Indian economy and particularly for the financial services sector. The continued liquidity crunch, uncertain and volatile credit environment and slow economic growth created headwinds. The COVID-19 pandemic and subsequent lockdowns have impacted the businesses and aggravated the prevailing sectoral challenges. Non-Banking Financial Companies (NBFCs), today, are confronted with multiple challenges. The unprecedented business environment has put to test the resilience, prudence and adaptability of any business model. Having said that, the fiscal year has been full of learnings. The Company continues to closely observe the situation. Over the course of last year, vaccination drives raised hopes, whereas renewed waves and new virus variants continue to pose concerns for the outlook. The continued spread of the COVID-19 pandemic and the subsequent synchronized lockdown across major cities in India resulted in shrinking of the capital market lending business.

Your Company's performance for the year 2020-21 has to be viewed in the context of aforesaid economic and market environment.

### II. OPPORTUNITIES AND THREATS:

Despite the optimism surrounding the ongoing vaccination drive, the recent resurgence in the country's COVID-19 infections has raised the threat of fresh pandemic restrictions. The RBI expects that gross Non Performing Asset (NPAs) of Scheduled Commercial Banks (SCBs) might rise under the baseline stress scenario. It is also estimated to further escalate under a severe stress scenario by the end of 2021. The banks would, thus, need to make higher provisions to cover the stressed assets. This in turn could impair the credit available for investment spending. Similarly, the RBI expects asset quality of NBFCs to deteriorate further due to disruption of business operations caused by the pandemic. Your Company is committed to addressing these changes bolstered by its strengths in market position, agile execution capabilities, robust early warning systems and extensive use of analytics for risk mitigation and resource allocation. It will ensure to take

advantage of the tailwinds that may emerge during the course of the year. However, strong and stable government at center, the capital market prospect would significantly improve.

### **III. SEGMENT-WISE PERFORMANCE:**

The Company is engaged in a single segment i.e. finance/lending. Details of performance have been provided in this report.

### **IV. OUTLOOK:**

World over, the support from the governments and the central banks, has brightened the global growth outlook for 2021. As per the International Monetary Fund's projection, the global economy is anticipated to expand by approximately 6%, on a lower base of estimated 3.3% degrowth. With massive vaccination drives underway, risks to recovery are likely to abate, thus leading to a gain in the momentum of economic activities.

But with the second wave of COVID-19 and the emergence of newer virus variants have made India the new hotspot of infections – adding uncertainty to the anticipation of a smooth recovery. Various multilateral organisations and rating agencies have projected the Indian economy to grow at around 8%. The economic growth is likely to be aided by a very low statistical base, mass vaccination drive and a supportive fiscal stance. The Pandemic had a severe impact on the Capital market. The Company carries shares and securities in its books. The effect of mark to market profit / losses thereon have been taken into account in the Statement of Profit and Loss for the year. The Company believes that it has taken into account the impact of known events arising out of COVID-19 pandemic in the preparation of financial results resulting out of fair valuation of these investments. However the impact assessment of COVID-19 is a continuing process given its nature and duration. The Company will continue to monitor for any material changes to future economic conditions.

Apex Capital and Finance Limited expects to improve its performance in financial year 2021-22 and hopes to grow at a rate faster than the growth of bank credit. The approach would be to continue with the growth momentum while balancing risk. The Company will continue to invest in strengthening risk management practices; and in maintaining its investment in human resources to consolidate its position as a potential NBFC in India.

### **V. RISK MANAGEMENT:**

In view of the growing volatility in the operating environment impacting global businesses on an unprecedented scale, we are reinforcing the risk management and mitigation mechanism. It will be regularly reviewed by the Board and corrective actions will be implemented with diligence.

Risk Management is an integral part of our Company's business strategy. A dedicated team is a part of the management processes governed by the senior management team. This team reviews compliance with risk policies, monitors risk tolerance limits, reviews and analyzes risk exposure related to specific issues and provides oversight of risk across the organization. The team nurtures a healthy and independent risk management function to avoid any kind of misappropriations in the Company. As part of the Risk Management framework, the management of Credit Risk, Market Risk, Operational Risk and Fraud Risk are placed under the Head – Risk. The Credit Risk management structure includes separate credit policies and procedures for various businesses. The risk policies define prudential limits, portfolio criteria, exceptional approval metrics, etc. and cover risk assessment for new product offerings. Concentration Risk is managed by analyzing counter-party, industry sector, geographical region, single borrower and borrower group. Retail Finance credit approval is based on product / programs and monitoring is primarily done at the portfolio level across products and programs. Casual analysis is carried out and corrective actions are implemented on key risk indicators. A Senior Management oversight committee meets periodically

to review the operational risk profile of the organization. Fraud risks are mitigated through a fraud risk management team.

#### **VI. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:**

The Company's internal control system is designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with laws and regulations. The internal control system is supported by an internal audit process for reviewing the adequacy and efficiency of the Company's internal controls, including its systems and processes and compliance with regulations and procedures. Internal Audit Reports are discussed with the Management and are reviewed by the Audit Committee of the Board which also reviews the adequacy and effectiveness of the internal controls in the Company. The Company's internal control system is commensurate with the size, nature and operations of the Company.

The financial performance of the Company during the year under reference was reasonably good. For detailed information, please refer to Directors' Report, which forms part of this Annual Report.

### Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. ### Management's Responsibility for the IND AS Financial Statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's responsibilities for the audit of Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the

aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **The Annexure (B) to the Independent Auditor's Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Apex Capital and Finance Limited ('the Company') as of 31<sup>st</sup> March, 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2020.
